MEC No. 14E153

Dear Mr. Byrne:

The Missouri Ethics Commission considered the complaint filed against you at its July 7, 2014 meeting. The complaint alleged that you failed to include a proper "paid for by" disclosure, as required under Section 130.031.8, RSMo, in a newspaper advertisement supporting your candidacy for the board of aldermen.

The Commission took no action on this complaint because there were not four affirmative votes to refer the complaint to Commission counsel nor were there four affirmative votes to dismiss the complaint. Section 105.955.6, RSMo, requires any action of the Commission have four affirmative votes. As a result, the Commission is taking no further action on this complaint at this time.

Sincerely,

James Klahr
Executive Director
