Missouri Ethics Commission Releases New Web Tutorial

The Missouri Ethics Commission released a new training tutorial, *Campaign Materials Identification Requirements*.

Campaign Materials Identification Requirements provides an overview of campaign materials, including:

- Definition of campaign materials, what is included and what is not as well as who must comply;
- Details about how the individual(s) paying for the printed campaign material must be identified; and
- Information about the Commission's enforcement of the law

"Missouri law provides specific requirements for identifying those paying for printed campaign materials. The Commission continues our mission of providing relevant, timely information and education", says Julie Allen, Executive Director.

Candidates, treasurers, printers or publishers and anyone else involved in the producing or disseminating campaign materials are encouraged to view this tutorial.

To view the *Campaign Materials Identification Requirements* tutorial, visit the MEC's [training page](#).
