Missouri Ethics Commission Releases a *Terminating a Committee* Brochure

The Missouri Ethics Commission released a *Terminating a Committee* brochure, for all candidates and committees, regarding campaign finance committee termination requirements.

Terminating a Committee includes termination requirements for campaign committees, candidate committees and debt service committees and provides steps for terminating a committee as well as information regarding the use of contributions.

“This brochure can be used by committees to understand the steps for committee termination. It is especially useful for unsuccessful candidates in the April and upcoming elections”, said Julie Allen, Executive Director.

The *Terminating a Committee* brochure is available on the Commission’s website at [Terminating a Committee](#).

*Thank you,
The Missouri Ethics Commission*
