- 3) Labor organizations which are not organized or operated primarily to influence the action of voters, accept no contributions, and which make expenditures and/or contributions using their own funds obtained through dues or fees which were given for the purpose of supporting normal organizational activities.

INTERNAL DISSEMINATION REPORT (S-2) - any corporation, association, membership, organization, labor organization, or other entity which is not a committee and which internally disseminates information advocating support of or opposition to any candidate or ballot measure to its members, employees or share holders, the cost of which is more than \$2000 in a calendar year is required to file this report.
