Final Action: MEC No. 26-0063-I Nathan Bibb, Former City of O'Fallon Ward 3 Councilman

Date: September 17, 2026

The Missouri Ethics Commission took final consideration of the complaint filed against former City of O'Fallon Ward 3 Councilman.

The complaint alleged that former City of O'Fallon Councilman Nathan Bibb used his position to secure a contract for Wright Construction Services, Inc. with the City of O'Fallon.

The Center for Advanced Skills Training in Law Enforcement (CASTLE) is a joint construction initiative between the cities of O'Fallon and St. Charles, Missouri. The project was publicly advertised and competitively bid. Wright Construction Services submitted a bid and was selected as the winning contractor. Mr. Bibb serves as the Vice President of Wright Construction Services.

The investigation determined that Mr. Bibb recused himself from all City Council discussions related to Wright Construction Services and the CASTLE project, and he did not participate in the vote to award the contract. The investigation further found that Mr. Bibb did not possess any nonpublic information regarding the project, that the bidding process was sealed, and that no evidence indicated he used his official position to benefit Wright Construction Services or provided confidential information to the company.

Based on these facts, the Commission finds no reasonable grounds to believe that a violation of Chapter 105, RSMo, occurred and has dismissed the complaint.
