Late filed reports are assessed a daily late fee.
- **MANDATORY V. CONDITIONAL REPORTS:** Quarterly reports are mandatory for all committees. Those involved in an election cycle may need to file election-specific reports if certain conditions are met. See page 2 for details.
- **TIME PERIOD COVERED:** Campaign finance reports disclose activity from the day after the closing date of a committee's last filed full disclosure report through the closing date for the report, as set by state law.
- **48 AND 24 HOUR REPORTS AND NOTICES:** Other reports may be required for large contributions and contributions received and expenditures made shortly before an election. See page 2 for details.

## Mandatory quarterly reports—§ 130.046.1(3), RSMo

All committees must file quarterly disclosure reports no later than the 15th day following the close of each calendar quarter. These reports are due until the committee terminates.

## Election-specific conditional reports

### 40 Day Before Election Report—§ 130.046.1, RSMo

This report is only filed in connection with elections that take place more than 40 days after the most recent mandatory quarterly report. This report is only required if the committee accepted contributions, made contributions, or made expenditures (paid or incurred) for the election.

### 8 Day Before Election Report—§ 130.046.1(1), RSMo

This report is only required if the committee spent money (made contributions or expenditures (paid or incurred)) for the election. Candidate committees face a \$100 per day late fee for failing to timely file this report.

### 30 Day After Election Report—§§ 130.046.1(2) and 130.046.5(2), RSMo

This report is only required if the committee spent money (made contributions or made expenditures (paid or incurred)) for the election. Successful candidates must file this report and any other outstanding campaign finance reports prior to taking office. If the committee's debt exceeds \$1,000, the committee may not file a *Statement of Limited Activity* for this report.

## Time-sensitive conditional reports

### 48 Hour Report of Contribution over \$5,000 Received—§ 130.044.1, RSMo

Any individual or committee that receives a single contribution (including a loan) from a contributor in an amount over \$5,000 must electronically report the contribution to the MEC within 48 hours of receipt. This contribution must also be included in the committee's next filed report.

### 24 Hour Notice of Late Contribution Received—§ 130.050.3, RSMo

Any receipt of a contribution (including a loan) in an amount over \$250 that is received less than 12 days before an election, must be reported within 24 hours of its receipt. This contribution must also be included in the committee's next filed report.

### 24 Hour Late Expenditure Report—§ 130.046.3(2), RSMo

Each time a continuing committee (PAC) aggregates more than \$250 in expenditures made or incurred (not including contributions made to candidates or other committees) less than 12 days before an election, a full disclosure report must be filed within 24 hours.
